## Why VELUX?

### Credibility

- With 65 years of experience, VELUX is ranked #1 among consumers, professional architects and renovators.

### Quality

- Best engineered skylights, guaranteed not to leak.

### Green

- Contributing to green building by reducing the need for electricity and using environmentally sound manufacturing processes.

## Natural Daylight

The VELUX Sun Tunnel Skylight is an ideal solution for bringing natural light into smaller rooms such as hallways, bathrooms, kitchens, and walk-in closets. Any room that would benefit from natural light, but does not require ventilation or a view to the outside. Save on energy bills, and give your home a healthy, more inviting feeling throughout the day.

## Optional Light Kit

Turn the Sun Tunnel Skylight into a light source at night. This optional light kit adds another dimension to a Sun Tunnels' use and is ready for wiring into a standard junction box.
